## COMMUNITY FUNDING

FundView is a database that your community group or voluntary organisation can search for funding and grant options to suit your needs.

FundView has funding information from many funders including: government, local authorities, service organisations, and statutory, philanthropic and gaming trusts.

FundView is searchable and will match funding options to your needs, based on the region, activity and project you are working towards. It will give you essential information like closing dates, application processes, and contact details of the funders.

### **Annual Subscription**

You can subscribe on an annual basis and have the information at your fingertips whenever you need it.

Prices vary depending on the type of organisation you are.

Call us for a quote (04) 471-8900.

### **Easy Pay Subscription**

You can also use our Easy Pay internet option. Buy an annual registration, get your first hour searching free of charge and then pay for more time as you need it.

### **Public Access**

FundView is free of charge at many public libraries in New Zealand. To find your nearest public site, check the map on our website.
